

Vacant Land & Vacant Property

Coverage designed with your clients in mind!

An Appetite to Get Business Bound

We are a contracted wholesale general agent who has the underwriting experience and authority to bind your business with a quality Surplus Lines insurer. We have access to a market that has a broad underwriting appetite giving us the ability to provide the coverage your clients need.

'Vacant' Doesn't Mean there isn't an Exposure to Loss

Exposure to loss exists whether the land or property is occupied or not! So, we offer you the ability to satisfy your client's needs by accessing a market that offers comprehensive coverage for both vacant land and vacant property risks.

Vacant Land includes land with no development, no existing buildings, no events held on the property, and no operations being conducted, contemplated or completed on the land. Typically vacant land is held as an investment property and is 'vacant', however, sometimes the land is leased to others for recreational purposes, including, camping and cross-country skiing. Consider also, those risks for which the vacant land is leased for parking. Then, of course there is the risk represented by a vacant property, which includes vacant and unoccupied buildings. Either way, your clients need comprehensive coverage – for both General Liability and Property.
